

WHO ARE WE?

CREA Construction is Chicagoland's leading woman and minority owned construction company. We are recognized industry wide by our customers and peers for our ethical business practices, unparalleled commitment to quality, and respect for our clients.

MISSION

CREA Construction is a leader in providing quality construction services to our customers at market competitive prices by creating a successful partnership throughout the construction process.

Our pledge is to ensure the longevity of our company through repeat and referral business achieved by customer satisfaction in all areas including sustainability, timeliness, safety, and attention to detail. Also, every member of the construction team will maintain the highest levels of professionalism, integrity and honesty in our relationships with our clients.

BIOGRAPHY

Rea Johnson, LEED AP, President of CREA Construction, is an innovative green builder with 10 years of experience in engineering and all facets of the construction industry. As the leader and founder of the company, she is responsible for financial planning, contract acquisition and building the ideal team. Her focus as a general contractor and subcontractor is to empower and inspire her team to reach and exceed their skills while warranting professional results. Also, her passion is to produce green communities one block at a time through sustainable building practices and retrofitting commercial institutions.

SUPPORTING OUR COMMUNITY

VALUED PARTNERSHIPS

- We collaborate with IIT, Dawson Technical Institute, Chicago Urban League and other pre-apprentice programs to address workforce hiring initiatives. For instance, we participate on the ABC IL Diversity Committee and we attend their hiring fairs for Community Builders Graduates focusing on our community hiring goals.

- We help create a pipeline of employment opportunities and apprenticeship training for minority youth. The youth that graduate from these apprenticeship schools are then placed in our On the Job Training Workforce Development Program which enhances economic growth in underprivileged communities.

- We donate to select non-profits, participate in food bank drives, park cleanups and a variety of walkathons. We also donate construction materials to the Rebuilding Exchange.

WHAT GIVING MEANS TO US

CREA Construction has been committed to giving back to the community by supporting charitable causes and donation of materials to those organizations in need. At CREA we're proud of our people and culture, because GIVING is at the heart of who we are. Being a good corporation is more than just creating jobs, it's about connecting with the communities we operate within and finding ways to align and support them. We build for a living and we're working just as hard to build for a better tomorrow.
